

The Austin Rhetoric Club

Fourth Annual Beginning Debate Workshop

Are you looking for a new and different experience for your high school or middle school student? One that could possibly change their life as well as yours? Debate might be your answer. We have found that it is the best tool for expanding one's mind and developing the analytical and critical thinking skills necessary to effectively impact today's world. Best of all, these skills and more are learned without the boring monotony of textbooks. Additionally, everything learned can be applied almost immediately to real life situations.
