

Elementary (K-5th) Grade Parent Responsibilities

- Grade parent will encourage and serve our teachers.
- Encourage participation for students and families for events specifically set for that individual grade or campus wide. (Class parties, mission projects, pep rallies, pancake breakfast, Wisdom Wednesday)
- Schedule parent volunteers for any class events. (class parties, teacher luncheons, planning work days to support teachers with copies and pulling worktext pages for homework folders. etc.)
- Serve as a mentor or a source of support to our new families.
- Pass all pertinent prayer requests from students or families to the prayer team.
- Send an email to your grade's class roster in the fall introducing yourself, offer your help for the semester, and remind them of important dates of events coming up.
- Make a personal phone call to the new families, in the fall and/or the spring, to offer your help or to answer any questions. (You don't have to have the answer to every question, but you can point them in the direction of someone that does.) Pass any information of any families that might be struggling with the model along to Stacy Elwartowski or Carol Griffin.
- Send a follow-up email about 6 weeks into the semester to ask how things are going.
- Set up and monitor the Sign-up Genius for your class sponsored events to be sure everything is covered. Send out reminder emails if items or needs are still needed. (Teacher Luncheon)
