

FAITH ACADEMY MEAL PROGRAM

Subway of North Marble Falls is extremely excited to offer Faith Academy a meal program that is healthy for the students and facility, economical and manageable for the parents, simple to implement and beneficial for the school. Our program is flexible enough to meet the students' desires while still providing parents some control over what the students eat for lunch.

Our sandwiches will be made on freshly baked bread. The students will have their choice of vegetables, chips, salads, and drink. The sandwiches will be made to order. We are also offering a Meal Deal which includes a 6" or foot long sandwich, chips, and a bottle drink for junior high and high school students. We also offer Kids' Paks for elementary or younger kids. We do not charge for delivering these meals.

To provide the parents control over how much a student spends, all purchases will be made with the Subway Cash Card. The parents can purchase the Cash Card at the North Marble Falls Subway and add as much as \$250.00 on the card. However, parents can also go to www.mysubwaycard.com and reload funds onto the Cash Card after they register their card. Parents can add funds periodically to control the amount students are spending for lunch. All of this is done without the insecurity of having your credit card number maintained at the store. **It is the responsibility of the parent or guardian to ensure the Subway Cash Card has sufficient funds for the lunches being ordered.**

We are excited to announce that we now offer a new way to pay for your child's meals. If you are uncomfortable with the current Subway Cash Card system, you may also order online at www.order.subway.com. **If you do decide to order your child's meal online, we must have the order by 10 a.m. so that we may have time to prepare and deliver the meal by the school lunch time.** Otherwise you will need to come to the restaurant to pick up your order. Be sure to enter "FA" beside your child's first name so we know it is a Faith Academy order.

In the past, we have tried to accommodate families by allowing children to order when their Cash Cards do not have a sufficient balance. However, this practice is being discontinued due to the number of credit balances that were created and the time it took for the bills to be paid in full. It is extremely important that you register your card so that you can reload your child's Cash Card. The process is simple and provides you control. Furthermore, you can actually see what your child is ordering.

To register your Subway Cash Card, log on to www.mysubwaycard.com and click on the "Manage Your Cards" tab. Under the sign in section there is a highlighted area listed as "Please register here". If you have not registered click on this tab and fill in the information on the next page. You will need your card's 16-digit number and PIN. These can be found on the back of the Subway Cash Card. If you have registered, simply type in your email address and password to be taken to the next page. On the next page, you will see any cards you have registered. Click on the card number and choose whether you would like to reload your card or review the purchases recently made.

We will make every effort possible to inform you when your child's card balance is getting low. This notification will be in the form of an email to the address you provide. The email will say something like, "Your child's Subway Cash Card has a balance below \$20. Please go online or come into the Subway of North Marble Falls to reload your card." Our email addresses are northsubway.marblefalls@yahoo.com or dwreedent@gmail.com. Please make sure these email addresses are cleared by your email server so that the notifications do not end up in the Junk Mail. **Again, it is the responsibility of the parent or guardian to ensure the Subway Cash Card has sufficient funds for the lunches being ordered. Lunches will not be delivered if the Subway Cash Card does not have a sufficient balance.**

NEW THIS YEAR!!

Subway now has a loyalty program and once you've registered your card you will begin to receive Subway Tokens, special offers, free food, and other discounts. As a result of the new loyalty program you will need to go to the website and accept the new terms and conditions. Failure to do so will make your card inactive.

We look forward to serving the Faith Academy students during the 2018/2019 school year. We welcome the new students and faculty. Good luck and GO FLAMES!!
