

Summer CAMPS

AT FAITH ACADEMY

Science & Art

Join us at Faith Academy for summer fun that will keep your brain hopping! We have several choices on different weeks that offer exploration, invention, drama, and more! Check out these choices! All science and art camps will meet from 8:30-11:30am, Monday through Friday.

K-2nd graders

Junior Explorers. Get outside to find out more about all the wiggly, squiggly, squishy, weird creatures that are right beyond your classroom door. Can you name them? Or what about what has happened here and near over the last 200 years? What do you know about who lived here - man and beast - long ago? Each week we'll explore different things. Grab your best explorer hat and join us!

3rd-5th graders

Junior Inventors. Do you like to tinker? Do you like to take things apart and put them back together again in a different way? Would you like to create something completely new? Then you won't want to miss this exciting week of creativity and innovation.

- June 3-7 - [Register](#)

Super Science. Bubble, bubble, Boil and bubble. Just what kind of concoction are you brewing up? Only a chemist can mix such magic. Only a biologist can name all the parts of an earthworm. And just how far can a physicist make a golf ball fly? Your lab coat is waiting.

- July 8-12 - [Register](#)

Junior Botball. Just how do you make that robot move? You code it! And coding is what you'll learn in junior botball. Know what else will move? Your brain! While you watch that robot perform, you'll also have grown your brain in math and problem-solving skills with real-life applications of engineering design. Better get moving and get yourself in this camp!
